PROFILE SUMMARY

An adaptable and fast-learning cybersecurity enthusiast, holding a Bachelor's in Computer Applications and am currently pursuing a Master's in Cybersecurity. eJPT Certified Offensive Security Specialist. Expert in Red Team Ops, Active Directory, Ethical Hacking. Skilled in Network Assessments, Buffer Overflows, OSINT using Metasploit Mimikatz. Developed ML/Python security tools to harden environments via advanced threat mitigation.

EXPERIENCE

Defence Research and Development Organisation

January 2026 - July 2026

Security Researcher

New Delhi

- Blockchain Forensics
- Smart Contracts
- Quantum Forensics
- Data Analysis

Space Applications Centre, India Space Research Organization

August 2025 - January 2026

SRTD Researcher

Ahmedabad, Gujarat

- Cyber Forensics
- Data Mining
- Network Forensics
- Data Analysis

State Cyber Cell CID Crime, Gujarat Police

April 2025 - July 2025

Forensic Investigator Trainee

Gandhinagar, Gujarat

- Digital Forensics
- Social media fraud detection
- Data Analysis

Hacktify

January 2025 - April 2025

Cyber Security Intern

Kherva, Gujarat

- Cross Site Scripting
- HTML and SQL injection
- Insecure Direct Object References

Hack Secure

February 2025 - March 2025

Cyber Security Intern

Kherva, Gujarat

- Incident Response
- Web Application security
- Secure Monitoring and Incident Investigation

CyberSecurity Virtual Internship Program

March 2022 - August 2022

Intern - by Mastercard

Kolkata, West Bengal

- Design a phishing email simulation
- Interpret phishing simulation results

CyberSecurity Virtual Internship

March 2022 - May 2022

Intern - by Palo Alto CyberSecurity Networks Academy

Kolkata, West Bengal

- VAPT (Vulnerability Assessment and Penetration Testing)
- Digital Forensics
- Web and network pentesting

EDUCATION

Ganpat University <i>Masters in IT Cyber Security</i>	2024-2026 <i>Kherva, Gujarat</i>
Institute of Engineering and Management <i>Bachelors of Computer Applications</i>	2020-2024 <i>Kolkata, West Bengal</i>
Jogamaya Memorial Institute <i>Standard XII</i>	2018-2020 <i>Singur, West Bengal</i>
St Joseph's Convent <i>Standard X</i>	2006-2018 <i>Chandannagar, West Bengal</i>

TECHNICAL SKILLS

• OSINT (Open Source Intelligence)	• Red Team Operations	• Binary Exploitation (Buffer Overflows)
• Active Directory Security	• Network Security Assessment	• Cloud & Blockchain Security
• Ethical Hacking Penetration Testing	• Post-Exploitation Tactics	• Malware Analysis
	• PowerShell Empire Mimikatz	

PROJECTS

Quantum Safe Evidence Locker Grover's algorithm, Blockchain Technology, Cryptography	2026
• Developed comprehensive forensic investigation system with 8 automated checks detecting money laundering, structuring, and criminal activity	
• Built blockchain-based evidence management ensuring legal admissibility with cryptographic proof of chain of custody	
• Designed court-ready reporting system generating professional legal documentation meeting Federal Rules of Evidence	
Honeypot: Rogue Snare Python, Flask, Nosql, Ip Logger	2025
* Attracts attackers by simulating vulnerable web environment as a decoy.Logs and stores every attack attempt with attack type details.	
* Captures attacker IP, live geographical location, and device information.Tracks the number of attacks per IP and attack patterns.	
* Provides real-time monitoring and detailed attack analytics.Helps in early detection of threats and threat intelligence gathering for proactive defense.	
Created an Application for Malware Analysis Python, NoSQL	2025
· This technology stack supports file scanning, metadata extraction, QR code processing, and real-time USB monitoring with malware detection functionality and stores the malicious file in the backend.	

CERTIFICATIONS

* eLearnSecurity Junior Penetration Tester (eJPT v2) by INE	* Fundamentals of SOC by Palo Alto CyberSecurity Networks Academy
* Certified Ethical Hacker (CEH) by EC Council	* Fundaments of Cloud Security by Palo Alto CyberSecurity Networks Academy
* Introduction to Digital Forensics by Security Blue Team	* Cisco Introduction to Packet Tracer
* Fundamentals of Network Security by Palo Alto CyberSecurity Networks Academy	* Cisco Certified Network Associate (CCNA)
	* Ethical Hacking by Indian School of Ethical Hacking
